(Full Office Note.)

Subject.

Fitting the doors and windows of the Victoria Hospital with wire netting.

Senior Surgeon's letter No Q 3788 14-4-03.

*
Note.

In his letter No 1561 dated the 15th March, 1903, the Surgeon in charge of the Victoria Hospl brought to the notice of the Senior Surgeon that mosquitoes had become a source of nuisance and disturbance to patients, and suggested that instead of supplying each Cot with a mosquito net, which would be very expensive, the doors and windows of the Hospl might be fitted with wire netting. He stated that the experiment might be tried by getting the doors & windows of one of the wards

(Par 1)

* 1. Statement of case in narrative form in regular sequence of subject matter or date.
2. Opinions to be stated only as supported by precedents, or general rules which should always be quoted.
3. Serial numbers in file, &c., to be always stated.
4. Dates of important documents referred should be given.
5. Write on both sides, leaving the same side as margin.

‡ 1. No. and date of latest letter or paper.
2. Catch words to show nature of subject.
3. Subject to be in red and body of note in black ink.

(Par 2 L) fitted with the Chicfest of the Galvanized Gauze which is priced at 2½ annas a squarefoot, and that the cost thereof would come to about Rs 47/. (the no of square feet required being about 300) excluding the Framework and fitting Charges. The Senior Surgeon preferred to have brass wire to iron which is likely to become rusty soon, and the Surgeon in charge Concurring in this opinion has furnished an estimate for Rs 23-12 which has been forwarded by the Senior Surgeon with his present letter No 378 of the 14th April, 1903, for the sanction of Government. The charge involved has been proposed to be debited to the Contingencies of the Hospl.

H. V. Nanjundayya Esq. M.A, M.L,

Secretaryto the Government of Mysore

General and Revenue Departments, Bangalore

Dated 14th April 1903

No. G. 378

Sir,

In forwarding the accompanying file of correspondence from the Surgeon in charge Victoria Hospital Bangalore (to be obligingly returned when done with) re the doors and windows of the Victoria Hospital being fitted with wire netting, I have the honor to recommend that sanction of Government may be kindly obtained for the purchase of the brass wire as per estimate sent by him as it is absolutely necessary to prevent Mosquitoes from getting into the wards and disturbing the patients.

The charge may be paid from the contingencies of the Hospital.

I have the honor to be,

Sir,

Your most obedient servant

Lt.Col.I.M.S.

Senior Surgeon and Sanitary Commissioner

Mysore Government.

Enclosure to I.C. No 1 2

Dockets No 1561 dated 16th March 1903 from the Surgeon in Charge of the Victoria Hospitals to the Senior Surgeon &c

---

I have the honour to bring to your notice that Musquitoes are becoming a source of nuisance and disturbance to patients. To supply each Cot with a musquito net will be very expensive. I therefore suggest that the doors and windows of the Hospital may be fitted with wire netting to prevent musquitoes from getting into the wards. From the enclosed price lists it could be seen that the cheapest of the galvanized gauge is priced at 2½ as a square foot. If one of the wards say Ward I has to be tried as an experiment it will cost about Rs 47/- (the No. of Sq ft required being about 300) including the frame work and fitting charges. If brass wire imported from Home has to be used I am informed that it would cost exactly double the amount i.e. 5 as a Sq ft. & charge of Shipping Charges, Duty, &c.
